Regulation VIII – Oyster Management Reserve Program

Purpose - The Potomac River Fisheries Commission (PRFC) convened a Blue Ribbon Oyster Panel to develop a Revitalization Oyster Plan for the Potomac River public oyster fishery as a means of “jump starting” the oyster resource in the river. The Panel was directed to develop a financially self-sustaining “put and take” public oyster fishery; consequently the Oyster Management Reserve Program was designed and approved by the Commission.

For the first two years of the Program (2012 and 2013), the Commission will provide funds, purchase triploid eyed oyster larvae and have it set on shell. Participants will plant the spat on shell on the Oyster Management Reserve Area for grow out. From the third year forward, the Program will be self-sustaining and funded by the participants.

This license cannot be used by anyone except this licensee (participant). The participant is responsible for complying with all provisions in this Regulation, including submitting oyster harvest reports and complying with the identification tagging requirements.

Reg. VIII, Sec. 4(b) Person as a Participant (i.e. company) Any person desiring to participate in the Oyster Management Reserve Program shall pay a license fee of $550.00 (See Sec. 5 of this Regulation) between December 1 (for the following year) and March 31 each year and hold a valid PRFC Commercial License Registration. Reg. VIII, Sec. 4(c)(1) Crew Any participant who purchased an Oyster Management Reserve License, under Section 4(a) or 4(b) above, may purchase one or two additional license(s) for crew member(s) at a fee of $600.00 each. Each crew license
entitles the participant to an additional share of the harvest. Such crew member license is only valid when an eligible participant or principal licensee with a valid Oyster Management Reserve License is aboard the boat or vessel.

**Reg. VIII, Sec. 4(c)(2) Helper** Any participant who purchased an Oyster Management Reserve License, under Section 4(a) or 4(b) above, may purchase one additional license for helper at a fee of $100.00. 3. A helper license may be purchased by a participant at any time.

**Reg. VIII, Sec. 5(c) OMR License Transfers** Notwithstanding the provisions of subsection 5(a), any licensed Oyster Management Reserve (OMR) participant may transfer his OMR License to another person for a fee of $100.00. The new OMR participant would assume the previous participant’s history/time in the OMR Program, and would be eligible to take, catch or attempt to take or catch oysters on any Oyster Management Reserve Area providing an OMR License, CLR and Planting Surcharge fee were paid in full for each of the previous three consecutive years.

**Oyster Management Reserve Areas Established**

**Reg. VIII, Sec. 6(a) Areas Defined** Cobb Island Bar (360 acres) and Ragged Point Bar and Addition (302 acres), as charted on the Natural Oyster Bar charts #25-4, #26-10 and #26-11, are designated as Oyster Management Reserve Areas. **Reg. VIII, Sec. 6(b) Oyster Management Reserve Area Closed** It shall be unlawful for any person to take, catch or attempt to take or catch oysters by any means at any time on Ragged Point Bar and Addition, or other areas/bars designated as Oyster Management Reserve Areas unless the person is a participant or crew who meets the eligibility criteria in Section 5(a) of the Regulation and the Oyster Management Reserve Areas have been announced as being open and ready for harvest by the Commission.

**Reg. VIII, Sec. 7(b) Dates and Times for Taking Oysters** The dates and times during which oysters may be taken or caught on Oyster Management Reserve Areas will be determined by a majority vote of the eligible participants (see Section 5(a)) each year. The Commission will then announce the Oyster Management Reserve Areas as being open and ready for harvest and will notify all eligible participants.

**Reg. VIII, Sec. 7(c) Containers for Oysters** All oysters on board the boat which have been harvested from any Oyster Management Reserve Area must be contained in PRFC approved containers, no larger than a U.S. Standard Bushel Basket.
Reg. VIII, Sec. 7(d) **Identification Tags Required** Each container of oysters harvested from an Oyster Management Reserve Area must be tagged with a completed PRFC issued Oyster Management Reserve Area identification tag before leaving the harvest area. No container of oysters harvested from an Oyster Management Reserve Area may be removed from the boat without said tag being firmly affixed to the container. These identification tags may be purchased from the PRFC for $2.00 per tag. Unused tags can be returned to the PRFC for a refund prior to tags being purchased for the next year.

Reg. VIII, Sec. 7(e) **Reporting Requirements** Every Participant shall keep an accurate and complete daily account of his or his boat’s oyster catches from the Oyster Management Reserve Areas on forms supplied by the Commission. Such daily records of the oyster catches shall be delivered to, or mailed in time to arrive at, the Commission Office no later than Thursday of the following week.

Reg. VIII, Sec. 8 **Limited Entry** When a cap on the number of Oyster Management Reserve Licenses is recommended by participants and approved by the Commission, then the Program becomes a limited entry plan. At the limited entry stage, Oyster Management Reserve Licenses will be allowed to be surrendered and reassigned (Regulation I, Section 1(e)) by the Commission, for a fee of $100.00.

Reg. VIII, Sec. 9 **Commission Responsibilities** The Commission will be responsible for: accepting and tracking the fees paid into the Oyster Management Reserve Program; tracking and notifying eligible participants; providing the group of participants (by April 15 each year) an accounting of the amount of money available for buying oyster seed; checking on current cost and availability of seed from the hatcheries; and providing results of the oyster survey on the Oyster Management Reserve Areas. Commission staff will coordinate the logistics of planting oyster seed with the participants.

Reg. VIII, Sec. 10 **Participant's Guidelines** The participants invested their money, time, and energy in this Oyster Management Reserve Program with the vision of developing a financially self-sustaining “put and take” public oyster fishery in the Potomac River. The Commission supports this Program and is willing to allow the participants the flexibility to develop their own guidelines for their recommendations for such things as planting sites, sources of seed, dates and times to open the reserves, size or harvest limits. This Program should not constrain the participants from catching and marketing these oysters at the optimal time in the best interest of the participants.
